

SEEDMASTER TOOLBAR

BUILT TO OUTLAST.

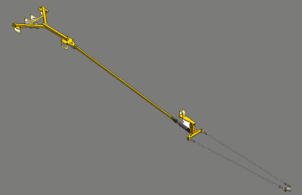

The SeedMaster Toolbar delivers long-lasting performance you can trust. Our bolt-together steel frame and the protection of our blast-to-bare metal powder coating makes our toolbars durable and easy to maintain. The SeedMaster Toolbar also comes in second-to-none with its dual-knife opener. Our opener delivers precise seed and fertilizer placement, fast uniform emergence, and a field finish like no other.

NEW FOR 2024!:

- Galaxy Stubble Proof R-3 31x13.5-15 floatation tire option.

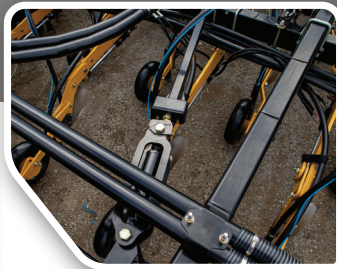

STANDARD FEATURE:

- Lifts the front of the toolbar in muddy conditions to aid in floatation

HEAVY DUTY FRAME

ACTIVE WING BRACE

PRECISION OPENERS

RESIDUE DEFLECTORS

STANDARD FEATURES

- Smart Openers: Lift and lower openers into the ground with an easy-to-use foot switch while also utilizing our ISO in-cab controller to adjust packing pressure
- Low Maintenance Opener Design: One of the lowest maintenance openers on the market - designed with parts that are built to last
- Active Wing Brace: Counteracts opener draft force to distribute frame stress
- Lift Kit: Provides superior flotation when pulling through mud
- Matrix Wing Lock: Partially unfolds each wing for lower transport height, ensuring safe travel under power lines and overpasses
- Residue Deflectors: Reduces residue build-up on knives, ensures optimal product placement, and delivers exquisite field finish

- Blast to Bare Metal Paint Procedure: Flawless powder coat paint adhesion for an anti-corrosive finish that won't crack, chip, or peel
- Equal Length Distribution Kits: 2 1/2-Inch formed piping for equalized distribution
- 5-Year Frame Warranty

OPTIONS

- Tank Configurations: Can be configured to fit all SeedMaster products, including the UltraPro II On-Frame Tank, Nova Series II Air Cart or our Liquid Nova Fertilizer Tank
- High Flotation Rear Axle: Pairs well with the SeedMaster lift kit for flotation in muddy conditions
- Front Walkover Hitch: Quickly access either side of your toolbar

TOOLBAR CONFIGURATIONS

WORKING WIDTH		ROW SPACING		# OF ROWS	FRAME STYLE	APPROX TRANSPORT HEIGHT		APPROX TRANSPORT WIDTH		# OF ZONES
